Subject: Recap of 9/18 dinner + Reminder of 9/26 breakfast

This message is going to Council for Excellence in Government senior fellows, "Senior Fellows and Friends" dinner participants, and others who are working for good government. If you would prefer not to receive future messages, please ask me to take you off the mailing list.

Monday evening, fourteen Senior Fellows and Friends gathered at Vie de France despite our speaker's cancellation due to family emergency (we will reschedule with Fred Thompson and are sending him good vibes). The group talked about the dynamics behind the passive disengagement of some midcareer employees and what might be done to address them. High performers of good will arrived from the following workplaces:

Defense Acquisition University
Department of Health & Human Services
Department of Homeland Security
Defense Information Systems Agency
EDS
Department of Education
Environmental Protection Agency
General Services Administration
Government Accountability Office
George Washington University
recently returned world traveler
The Council for Excellence in Government

Secondly, this is a reminder that Joe and Judy Pauley are going to be talking about The Process Communication Model for Leaders at the Corner Bakery, 14th & F, next Tuesday, Sept. 26th starting at 7:30 a.m. - look for us in the back. They'll be in town between graduate seminar gigs and have offered to discuss the material they presented at Excellence in Government 2006. Come eat and listen!

Regards,

Kitty Wooley
